PENC Legislative Update - June 30, 2015

Last week, the House formally rejected the Senate's budget plan, and with the current fiscal year and budget ending on July 1st, leaders in both chambers are working to agree on terms for a Continuing Resolution (CR), to be in place until a full budget agreement can be reached. Both chambers are taking a July 4th break from July 3 until they return to Raleigh on Monday, July 13th.

Bills of note with action this week include:

**H255: Building Code Reg. Reform**
Passed the House in April
Modified version passed the Senate on 6/25
House must now either vote to concur or not. If not, negotiations begin

**H705: Amend Septic Tank Requirements**
Passed the House in April
Modified version passed the Senate on 6/25
House must now either vote to concur or not. If not, negotiations begin

**H634: Stormwater/Built-Upon Area Clarification**
Passed the House in April
Modified version passed the Senate on 6/25
House must now either vote to concur or not. If not, negotiations begin

**H356: NCUC Reg. Fee Changes**
Passed the House in April
Modified version passed the Senate on 6/25
House must now either vote to concur or not. If not, negotiations begin

This week members will be focused heavily on passing a Continuing Resolution for the budget but there will be various regulatory reform measures debated as well.
